

TIGER WOODS LEARNING CENTER
SPRING 2012 MEMBER APPLICATION
Grades 7-8

Spring I: February 15 – March 29
Spring I Application Deadline: January 27, 2012

Spring II: April 16 – May 31
Spring II Application Deadline: March 30, 2012

Dear Prospective TWLC Member,

This is your application to receive a scholarship to attend the Tiger Woods Learning Center's 7-week after-school program. There is a one time \$5 fee for an identification card once accepted.

There are three steps in the application process. Please follow all directions and use the checklist below as you complete each step:

- Step 1: Select your courses and write a Personal Statement
- Step 2: Complete the Registration Form
- Step 3: Attach a copy of your most recent Report Card (quarter or semester)

Unfortunately, we do not have enough space to take every applicant. Therefore, it is very important that each section of this application be filled out neatly and completely. Incomplete applications will not be accepted. Please return the completed application to your school's designated location or mail to:

Tiger Woods Learning Center
One Tiger Woods Way
Anaheim, CA 92801

Thank you. We hope to see you at the Tiger Woods Learning Center.

Member Benefits

Computer Clubhouse

The Computer Clubhouse is no ordinary computer lab! Members can learn a variety of skills such as animation, movie creation, website design and music recording.

Clubhouse Hours:

Monday – Thursday 2:30-5:00 p.m.
Friday 2:30-5:00 p.m.
Saturday 9:00 a.m.-5:00 p.m.

Golf Program

The TWLC grounds include a 10-acre driving range and 18-hole putting course. Members have access to the driving range and can purchase balls for \$1 per bucket.

Golf Hours: (September – June)

Monday - Thursday 2:30-4:00 p.m.
Friday 2:30-5:00 p.m.
Saturday 9:00 a.m.-5:00 p.m.

Academic Support

TWLC Members have an opportunity to receive academic support in a core subject as well as college preparation support from a Learning Center facilitator.

Academic Support:

Monday – Thursday 2:30-6:00 p.m.

Grades 7-8

Aiming High Aerospace

Monday/Wednesday

February 15 – March 29 Spring 1 & April 16 – May 31 Spring 2

Do you ever look up in the sky and wonder “How do planes fly?” or “How does a rocket lift off?” Then you need to take Aiming High Aerospace. In this class you will learn about how airplanes achieve flight by designing, building and testing airplane wings, propeller planes, gliders and aircraft structures. You will also learn how rockets obtain thrust by building and launching rockets powered by air, water and solid-fuel. If that’s not enough, you will use Newton’s Laws of Motion to create a kite or a parachute. Are you ready to Fly High through Aerospace?

Intro to Nutrition and Fitness

Tuesday/Thursday

February 15 – March 29 Spring 1

Experiment with today’s healthy choices to build up your muscles and brain power. Discover delicious eating habits that will energize your body and boost your mood. Conduct fascinating experiments using popular foods that will make your jaw drop in shock. But this class goes way beyond food. Get your heart pumping through invigorating cardio and strength training exercises. You will not only feel better, you will look good too!

Forensic Science

Tuesday/Thursday

April 16 – May 31 Spring 2

Crime scene investigation is one of the fastest growing areas of science today. Applying the use of science to help answer questions related to the legal system is known as “forensic science.” If crime scene investigation is something you are thinking about then take this course and be part of the reason why committing a crime doesn’t pay!

Grades 7-12

Advanced Video Game Design

Tuesday/Thursday

February 15 – March 29 Spring 1

Learn how to create advanced levels in your video game using Multimedia Fusion 2 and Adobe Photoshop. You’ll become more familiar with alterable values and utilize new game objects that will make your game more exciting and challenging. Best of all, collaborate with other experienced students to develop new elements for your game!

***Prerequisite: you must have taken the Video Game Design class.**

Biomedical Science

Tuesday/Thursday

April 16 – May 31 Spring 2

Calling all future nurses, doctors, surgeons and veterinarians! If you have a passion for learning more about the human body and are driven to learn about advanced healthcare, then take the first step by taking this class. Put your life science knowledge into action by learning more about patient care, medical technology, pharmaceutical chemistry and biotechnology research. Button your lab coat and grab your stethoscope and feel the beat of this class!

***Prerequisite: you must have taken the Universal Science class.**

Engineering

Tuesday/Thursday

February 15 – March 29 Spring 1

Monday/Wednesday or Tuesday/Thursday

April 16 – May 31 Spring 2

Do you enjoy working with your hands and building things? If your answer is “YES!” then this is the course for you. Some of the things you will experience include: using CADD software (Computer Aided Design and Drafting) to draw technical designs of your own CO2 dragsters or H2O bottle rockets, building structures like packages that save eggs after being dropped off the top of the TWLC building, and operating a CNC machine using a computer program to tell the machine various designs to mill like team logos. Roll up your sleeves; it’s time to get those hands dirty!

Golf Academy

Monday/Wednesday

February 15 – March 29 Spring 1

Tuesday/Thursday

April 16 – May 31 Spring 2

Golf is a great game you can play all your life. With practice you will develop the necessary skills to play well. From the smallest stroke used when putting to the full swing with a driver, you will acquire some great personal characteristics like confidence, perseverance, integrity and sportsmanship. So come join us outside in the sun and learn about a game that will change your perspective about yourself and golf.

Golf: Full Swing Fundamentals

Tuesday/Thursday

February 15 – March 29 Spring 1

FORE!!! You won’t be saying that after this class. Come to the TWLC this summer and tame your full swing. Learn how to split fairways and hit greens from long distances. This class will focus on your full swing specifically with your woods and long irons. We will work on full swing fundamentals and course management techniques, which are essential to producing low scores.

Golf: Short Game Extravaganza

Monday/Wednesday

April 16 – May 31 Spring 2

Want to lower your scores? Tired of making double bogeys? The fastest way to lower your scores is to work on your game within 100 yards from the green. Take Short Game Extravaganza at the TWLC and learn the fundamentals. We will focus on putting, chipping, pitching, and sand play. Gain confidence in those shots around the green through practice, games and competition.

Intro to Communications

Monday/Wednesday

February 15 – March 29 Spring 1 & April 16 – May 31 Spring 2

Have you ever thought of making your own movie? In this class you will explore and master cutting edge communication techniques such as animation, computer graphics, video production and audio broadcasting. With these skills, you will have what it takes to create an award-winning feature film. Hollywood, here you come!

Intro to Hip Hop Dance

Tuesday/Thursday

April 16 – May 31 Spring 2

When you hear your favorite song on the radio, do you find yourself bobbing your head or getting into the groove? If you were born to dance or if you feel like you have two left feet, then learn a few steps that you can use to “tear up” the dance floor. This class will focus on the fundamentals of hip hop, and each day you will learn steps to choreography that will be performed with other students. Not only is this a great way to stay fit, but you will also have fun and discover your own hip hop style. Time to get your groove on!

Nutrition and Fitness

Monday/Wednesday

April 16 – May 31 Spring 2

Experiment with today’s healthy choices to build up your muscles and brain power. Discover delicious eating habits that will energize your body and boost your mood. Conduct fascinating experiments using popular foods that will make your jaw drop in shock. But this class goes way beyond food. Get your heart pumping through invigorating cardio and strength training exercises. You will not only feel better, you will look good too!

***Prerequisite: you must have taken the Intro to Nutrition and Fitness class.**
